	Notes:								
	1. Buildings that are part of a campus or grouping of buildings are listed under their individual building names and individual addresses, not the campus name. For example, we can find Jeanne-Mance Building in the inventory, but not the Tunney's Pasture campus.								
	2. Only PSPC owned or leased properties are included. Inquiries related to buildings managed by other government departments should be addressed to that department.								
	3. Information for leased buildings was obtained from the Landlords for each building. PSPC does not warrant the information for leased facilities.								
	4. Where there is no known asbestos in a building, an asbestos management plan is not required.
